

## **QD875//NuHide Messenger**

Fabric Composition: Full Grain Leather Look  
NuHide PU

**Recommended area size for  
decoration (WxH in CM):**

**Showcased decoration method** – *Transfer Print (123 Premium Flex//Adkins swing head heat press used in example)*

1. Set the temperature to the heat press to 145 degrees, medium pressure, timer at 25 seconds
2. Place the top flap over the platen, position a Teflon cushion/silicon pad under the desired print area, cover the surface with a polyester fleece sheet and pre-press for 5 seconds
3. Attach the transfer onto the product in the desired location with heat resistant tape
4. Relay the polyester fleece sheet over the surface and continue to press
5. Slowly remove the backing paper and leave it cool

*\*Personalisation and decoration can be applied in many areas. The above illustrates the easiest recommended area on this product.*

### **Other recommended decoration methods:**

#### **1. Embroidery**

- 9cm hoop recommended for decoration area
- Large flap opening makes hooping easy

#### **2. Applique**

- Different types of patches and badges can be easily machine sewn on to complement the style
- Debossing are another type of decoration which can complement this style
