Fabric Composition: Full Grain Leather Look NuHide
PU

**Recommended area size for
decoration (WxH in CM):**

Showcased decoration method – Embroidery (Barudan BEV Series used in this example)

1. On the inside there is a zipped entrance along the top of the lining. Unzip this and hoop the desired area for decoration
2. Have the desired logo digitised and loaded into the machine via USB/scanner
3. Trace the design making sure the needle is not touching the hoop or zip
4. Start the embroidery
5. Remove the hoop and trim any loose threads if needed

**Personalisation and decoration can be applied in many areas. The above illustrates the easiest recommended area on this product.*

Other recommended decoration methods:

1. Transfer Print

- Temperature on heat press set at 145 degrees, medium pressure, timer at 25 seconds
- Pre-press the surface for 5 seconds
- Tested on Adkin swing head heat press, with '123 Premium' vinyl from TheMagicTouch
- Cover surface with a polyester fleece sheet on both presses

2. Applique

- Different types of patches and badges can be easily hand sewn on to compliment this style
- On the inside there is a zipped entrance along the top of the lining, unzip and decorate under this layer.
