

BG728//Felt Trug

Fabric Composition:
100% Polyester Felt

Recommended area size for decoration (WxH in CM):

Showcased decoration method –*Transfer Print (123 Premium Flex Vinyl//Adkins swing head heat press used in this example)*

1. Set the heat press up at 160 degrees, medium pressure, timer at 15 seconds
2. Slip the trug onto the platen and position a Teflon cushion/rubber pad under the desired print area to elevate it away from seams and handles
3. Cover the surface with a polyester fleece sheet and pre-press the surface for 5 seconds
4. Attach the transfer in the desired location with heat resistant tape, relay the polyester fleece sheet and continue to press

**Personalisation and decoration can be applied in many areas. The above illustrates the easiest recommended area on this product.*

Other recommended decoration methods:

1. Embroidery

- 18cm hoop recommended for decoration
- Can be easily hooped up due to the large entry point

2. Applique

- Heat applied patches sold by third parties like Etsy can be easily attached with a heat press
- Cover surface with a polyester fleece sheet
