

QD886//NuHide Bucket Bag

Fabric Composition: Full Grain Leather Look NuHide PU

Recommended area size for decoration (WxH in CM):

Showcased decoration method – *Transfer Print (123//Adkins swing head heat press used in example)*

1. Set the temperature to the heat press to 145 degrees, medium pressure, timer at 25 seconds
2. Put the bag onto the platen, position a Teflon cushion/silicon pad under the desired print area, cover the surface with a polyester fleece sheet and pre-press for 5 seconds
3. Attach the transfer onto the product in the desired location with heat resistant tape
4. Re-lay the polyester fleece sheet over the surface and continue to press
5. Slowly remove the backing paper and leave it cool

**Personalisation and decoration can be applied in many areas. The above illustrates the easiest recommended area on this product.*

Other recommended decoration methods:

1. Embroidery

- 12cm hoop recommended for decoration area
- Large central opening makes hooping easy

2. Applique

- Different types of patches and badges can be easily hand sewn on to compliment this style
