

QD889//NuHide Accessory Pouch

Fabric Composition: Full Grain Leather Look NuHide PU

Recommended area size for decoration (WxH in CM):

Showcased decoration method – *Transfer Print (123//Adkins swing head heat press used in example)*

1. Set the temperature to the heat press to 145 degrees, medium pressure, timer at 25 seconds
2. Put the pouch onto the platen, position a silicon pad/Teflon cushion under the desired print area, cover the surface with a polyester fleece sheet and pre-press for 5 seconds
3. Attach the transfer onto the product in the desired location with heat resistant tape
4. Relay the polyester fleece sheet over the surface and continue to press
5. Slowly remove the backing paper and leave it cool

**Personalisation and decoration can be applied in many areas. The above illustrates the easiest recommended area on this product.*

Other recommended decoration methods:

1. Embroidery

- A 12 cm hoop is recommended for decoration area

2. Applique

- Different types of patches and badges can be easily machine or hand sewn on to compliment the style
- Debossing is another type of decoration which works well with this fabric
