

## **QD892//NuHide Slimline Laptop Brief**

Fabric Composition: Full Grain Leather Look NuHide PU

**Recommended area size for decoration (WxH in CM):**

**Showcased decoration method** – *Transfer Print (123//Adkins swing head heat press used in example)*

1. Set the temperature to the heat press to 145 degrees, medium pressure, timer at 25 seconds
2. Slide the front pocket over the side or corner of the platen and position a Teflon cushion/silicon pad under the desired print area. Cover the surface with a polyester fleece sheet and pre-press for 5 seconds
3. Attach the transfer onto the product in the desired location with heat resistant tape
4. Relay the polyester fleece sheet over the surface and continue to press
5. Slowly remove the backing paper and leave it cool

*\*Personalisation and decoration can be applied in many areas. The above illustrates the easiest recommended area on this product.*

### **Other recommended decoration methods:**

#### **1. Embroidery**

- 12cm hoop recommended for decoration area
- Large central opening makes hooping easy

#### **2. Applique**

- Different types of patches and badges can be easily machine or hand sewn on to compliment this style
